

### REMARKS

Applicant has amended the two independent claims of the present invention to recite that the HVAC diagnosis/analysis comprises information needed by the HVAC technician to repair any needed functionality of the HVAC system and to increase efficiency of the HVAC system. The cited prior art of record fails to disclose a system in which the technician in the field receives such information so that the necessary and desirable repairs and modifications can be made to the system. Hence, reconsideration of the claims is respectfully requested.

In response to the Notice of Non-Compliant Amendment, the term "twice amended" in Claims 1 and 11 has been amended to "currently amended".

All grounds of rejection having been overcome by the amendments hereinabove, reconsideration and a Notice of Allowance is respectfully requested.

Respectfully submitted,

---
